

City of Powell River  
**NOTICE OF WORK**  
**WHARF AT WESTVIEW**  
**DEVELOPMENT**

File No. 6085-20

The City of Powell River is commencing development of the Wharf at Westview. This encompasses the infilled lands between the North and South Harbours and BC Ferries dock. Funding for the work has been provided by:

City of Powell River

BC Ferries

West Coast Community Adjustment Program

Island Coastal Economic Trust

Community Tourism Program

B.C. Spirit Squares program

Work will consist of underground servicing, boardwalks, building foundations and the development of a Spirit Square on the former tanker dock.

The City of Powell River has retained BA Blacktop to complete this work. Construction has commenced and will continue through to March 2011. The entire area will be closed for the duration of the project. The contractor will work with BC Ferries to facilitate loading and unloading of the ferries. A drop off and pick up area for ferry passengers will be designated. The South Harbour wharf head will remain open for loading and unloading throughout the project.

We request your patience for the duration of the work. For further information contact Engineering Services Division at 604 485-8604.
